STUDENT CODE OF BEHAVIORAL EXPECTATIONS

2016-17 SCHOOL YEAR

Ballard County Schools
3465 Paducah Road, Barlow, Kentucky 42024

(Revised June 2016)
SUPERINTENDENT’S MESSAGE

The Student Code of Behavioral Expectations is prepared with you, the student, and your family in mind. It is designed to inform you of the processes and procedures which exist to ensure that the best educational environment possible is in place in each school setting.

In the Ballard County Schools, we realize the importance of positive family involvement and the value of working together to solve problems and resolve issues. We strongly encourage family conferences and inquiries about the contents of this document or any program or classes in which students are involved. We invite you into the schools to meet the administration and teachers to develop a better understanding of the role schools play in preparing youth for their future.

The basic premise of this booklet is that students are entitled to an education without disruption. Students and parents should know that all discipline will be handled in a firm, fair and consistent manner. With these things in mind, and with your continuing support, I am confident that we can provide a climate conducive to high quality teaching and learning in our schools.

NOTICE OF NON-DISCRIMINATION

The Ballard County School district does not discriminate on the basis of race, color, national origin, sex, disability, or age in its programs and activities and provides equal access to the Boy Scouts and other designated youth groups. The District Title IX Coordinator will handle any inquiries regarding non-discrimination policies, and may be reached at 3465 Paducah Road, Barlow, KY, 42024, or by phone at 270-665-8400, ext. 2000.
PURPOSE AND POLICY STATEMENT

In partnership with and in service to our community, the mission of Ballard County Schools is to prepare every student to be a successful individual.

The Ballard County Board of Education's primary concern is that students who wish to learn can do so in an environment conducive to learning, and that disciplinary means be employed on behalf of those who would impair, destroy or deny such an environment. In an attempt to promote this environment, a code of behavioral expectations has been developed.

This **Student Code of Behavioral Expectations** provides for consistent treatment for all students and fairness as required by constitutional due process. It creates an atmosphere of open communication with clearly-understood rules, thus encouraging behavior that will enable the students to develop to their fullest potential. **STUDENTS WILL BE RESPONSIBLE FOR THIS CODE IN SCHOOL AND ON SCHOOL PROPERTY, AT SCHOOL-SPONSORED OR SCHOOL-RELATED ACTIVITIES REGARDLESS OF LOCATION, AND ON SCHOOL BUSES.**

**THIS POLICY APPLIES TO ALL STUDENTS ENROLLED IN THE BALLARD COUNTY SCHOOL SYSTEM.**

The **Student Code of Behavioral Expectations** is the result of expressed concerns on the part of the school as well as the community. It provides for an annual review by the school, families, community, and the Ballard County Board of Education to ensure an effective document, which meets the needs of the total educational community.

SUPERVISION OF PUPILS’ CONDUCT

1. Each teacher and administrator in the public schools shall in accordance with the rules, regulations, and bylaws of the Board of Education made and adopted for the behavioral expectations of pupils, hold pupils to a strict account for their behavior on school premises, on the way to and from school, and on school-sponsored trips and activities.
2. The Board of Education may use teacher aides in supervisory capacities relating to the supervision and control of the conduct of pupils. Teacher aides shall have the same authority and responsibility as granted teachers in the performance of the same duties.

REPORTING REQUIREMENTS

To promote the safety and well-being of students, our employees are required by Kentucky state law to report the following:

1. When principals have a reasonable belief that the following have occurred on school property or at a school-sponsored activity, they shall immediately report to law enforcement: Assault resulting in serious physical injury, sexual offenses, kidnapping, assault involving a weapon, possession of a firearm or controlled substance in violation of the law, or damage to property (KRS 158.154).
2. When any employee knows or has reasonable cause to believe a person is carrying, possessing or using a deadly weapon or controlled substance, or committing any felony under Kentucky law on school premises or within 1,000 feet of the premises, on a school bus, or at a school-sponsored activity, he or she shall promptly report to law enforcement (KRS 158.155).
3. When any employee knows or has reasonable cause to believe that a student has been the victim of a felony committed by another student while on school premises, school-sponsored transportation, or at a school-sponsored activity, he or she shall immediately make an oral or written report to the principal of the school attended by the victim. The principal then shall notify the parent/legal guardian, and shall file a written report with the Board of Education and law enforcement or the county attorney within 48 hours of the original report (KRS 158.156).
4. When any employee knows or has reasonable cause to believe that a child is dependent, neglected or abused, he or she shall immediately make an oral or written report to law enforcement, the Cabinet for Health and Family Services (Kentucky Bureau for Social Services) or its designated representative, or the county or Commonwealth attorney (KRS 620.030).

PARENT-SCHOOL LEARNING COMPACT

Effective schools are a result of families and school staff working together to ensure that children are successful in school. A learning compact is an agreement among groups that firmly unites them. This is an invitation to be involved in a
partnership with your child’s school. Each school formulates its own compact. Please visit the “Forms and Links” page of our website at www.ballard.kyschools.us, or contact your building principal if you have not received this important document.

**ATTENDANCE**

All students are expected to attend class every day that school is in session. Classes at Ballard County Elementary start at 7:55 a.m. and end at 3 p.m. At Ballard County Middle, classes start at 7:50 a.m. and end at 2:55 p.m. At Ballard Memorial High, classes start at 8 a.m. and end at 2:55 p.m.

The progress of a student at school depends greatly on the punctuality and regularity of attendance. There is a direct relationship between attendance and achievement; a day of school missed can never be made up entirely. We firmly believe that attendance is a student/family responsibility. The intent of this attendance procedure for the Ballard County Schools is to provide a structure within which students can gain maximum benefit from the instructional program.

**KENTUCKY COMPULSORY SCHOOL ATTENDANCE LAW**

1. Each parent, guardian, or other person residing in the state and having in custody or charge of any child between the ages of 6 and 18 shall send the child to a regular public day school for the full term that the public school of the district in which the child resides is in session, or to the public school that the board of education of the district makes provision for the child to attend. A child's age is between 6 and 18 when the child has reached his 6th birthday and has not passed his 18th birthday. Every student between the ages of 18 and having not yet reached his/her 21st birthday is accountable if he or she fails to comply with school truancy laws. Refer to KRS 159.150, 159.990, KRS 600.020.

2. Any student over 18 years of age who wishes to terminate his/her public or nonpublic education prior to graduating from high school shall do so only after a conference with the principal or his designee. Written notification of withdrawal must be received from the student prior to withdrawal. The written notification shall be dated and the signature witnessed by the principal of the school, or his designee, where the student is in attendance.

The student shall be required to complete a Student Dropout Questionnaire and attend a one-hour counseling session.

**ABSENCES/TARDIES**

**DEFINITIONS**

1. **Absent** is the missing of more than 120 minutes of the school day. This includes being absent from any scheduled activities such as homeroom, classes, assemblies, pep rallies, etc.

2. **Tardy** is being absent for 120 minutes or less. This includes being late or leaving early. Any amount of time over 120 minutes is considered an absence for the actual percentage of the school day missed. Example: If a student misses the first two hours of school, but comes in after that, he or she is still counted present for the rest of that day.

3. Students are not absent when participating in school activities which have been authorized by the Ballard County Board of Education and which are a definite part of the instructional program of the school.

4. Parents are allowed five absence and five tardy excuses by parent notes or emails to the appropriate attendance clerk. In addition to parent notes/emails, the following absences will be considered excused by the district. Documentation may be required.
   a. death in the immediate family (the immediate family is defined as parents, siblings, grandparents, sister/brother-in-law, aunt/uncle, niece/nephew without reference to the location or residence of said relative, and other blood relatives who reside in the student's home)
   b. authorized school activities. Per Kentucky High School Athletic Association rules, students are allowed two absences to compete in state-sanctioned sports events. All-A events are not considered sanctioned by KHSAA.
   c. religious holidays
   d. court appearance - accompanied by a note from the Circuit Court Clerk
   e. driver's permit or license - one time for each test
   f. medical appointment - accompanied by a doctor’s note. **After 10 doctors’ excuses**, students may be required to have their physician complete a Ballard County Schools Medical Excuse Form (available from each school’s attendance clerk or the district director of pupil personnel).
   g. college day - one day (must be pre-approved by teachers and guidance counselor at least one week in advance)
   i. armed forces leave: One day when a parent/guardian is deployed to and/or returns from to active military duty. (Additional days may be available if parent/guardian is stationed out of the country and is on leave; please contact the director of pupil personnel prior to scheduled leave.)
i. up to 10 days for students attending basic training required by a branch of the U.S. armed forces.

j. Educational Enhancement Opportunity - In order for such a request to be approved, the experience must have significant educational value and be composed of an intensive program related to the core curriculum. Parents must contact or come in to speak with the Director of Pupil Personnel for complete details. An Educational Enhancement Opportunity form must be requested from, completed and presented to the DPP 10 days prior to the requested date of absence. All agreed-upon requirements must be met within a week of the student's return. This type of absence cannot occur during the school's CATS testing or district-wide assessments, unless there are extenuating circumstances that are approved by the Director of Pupil Personnel.

Helpful Hint: Parents should schedule reoccurring doctor’s appointments after school hours or during school breaks.

5. A student may be excused for the above reasons, upon written request from the parent or guardian. All notes must be received within three school days of the absence in order to be considered excused. If parents/guardians have not received an acknowledgement/response within 24 hours, they should follow up with the attendance clerk. BCES no longer will send reminders for excuse notes.

All absences over five per year and tardies over five per year that do not meet the criteria of b. through i. above will be unexcused. Parents of students with numerous absences, whether excused or unexcused, may be required to meet with the district's Director of Pupil Personnel before additional absences may be excused.

Any discrepancy must be resolved within three days following the absence in question. For additional resources, please see the Infinite Campus Portal section of this Code on page 8.

NOTE: Site-Based Decision-Making councils at each school may make more stringent attendance policies part of their criteria for whether students may participate in some activities during the year. Schools will make every effort to communicate these changes to parents. Parents may obtain any additional SBDM attendance requirements from their individual principal's office.

For example, at Ballard Memorial High School, the SBDM there has policies in place since 2009 that require at least a 94 percent attendance rate in order to participate (“walk”) in graduation ceremonies or attend prom. (For more information, please contact the BMHS office.)

6. Unexcused classroom tardiness – A student who is not in his or her homeroom, classroom or other assigned areas when the tardy bell rings is considered tardy. Repeated tardiness is subject to disciplinary action.

7. Students must remain at school at all times or check out through the office. Students leaving campus during the school day without permission will be subject to disciplinary action.

9. Truancy - Any student who has attained the age of 6, but has not reached his/her 18th birthday, who has been absent from school without valid excuse for three days or more, or tardy without valid excuse on three days or more, is a truant. Any student who has attained the age of 18 years, but has not reached his/her 21st birthday, and who is enrolled in school, but has been absent from school without valid excuse for three or more days, or tardy without valid excuse on three or more days, also is a truant.

Any student who has been reported as a truant two or more times is a habitual truant (KRS 159.150, KRS 159.990, KRS 600.020).

a. Truancy notice procedure: First notice is sent after a student accumulates a total of two or more unexcused absences and/or tardies. Second notice is sent after one additional unexcused absence and/or tardy is accrued after the sending of the first notice. After the second notice is sent, parents are subject to final notice when a total of five or more unexcused absences and/or tardies is accumulated. A student is considered legally truant after the final notice has been sent.

b. After the final notice has been sent, one additional unexcused absence and/or tardy may result in the student/parent/guardian being referred to the director of pupil personnel for due process actions. This may result in a criminal summons or petition charging the student/parent/guardian with a criminal offense.

c. Parents responsible for student’s violations: Every family of a student residing in any school district in this state is legally responsible for any violation of law or board policy by the student. Before any proceedings are instituted against the family for violation of law or board policy, the director of pupil personnel shall serve a written notice of the violation on the person, and one day shall be given for the termination of the violation. After such notice, if the violation is continued or if the student again violates the provisions of law or board policy during the school term, no further notice shall be necessary and the parent/guardian shall be accountable. A notice by certified mail, return receipt requested, or by personal service by the director of pupil personnel, shall be a legal notice.

d. Students over 18: Any student over 18 years of age or over who is absent six days from school without sufficient documentation may be subject to withdrawal and considered a dropout (KRS 159.051).

HOME/HOSPITAL INSTRUCTION
(704 KAR 7:120)

The local board of education will operate a program of home/hospital instruction for children of school age whose physical or mental condition prevents attendance at school for five or more consecutive days. An application for home/hospital instruction must be completed for a student for whom there is an expectation of such an absence. If parents/guardians know or find out that a student illness/medical procedure will or is likely to cause more than five consecutive days of absence (such as mononucleosis or tonsillectomy), they are asked to contact the office at the student’s school. (Please note, the KAR referenced above states that students on home/hospital may not work or participate in athletic activities.)

ASSIGNMENT POLICY AND SECURING HOMEWORK WHEN ABSENT

When a student is absent one day, parents may call or email the school office by 8 a.m. and request homework assignments to be given. If emailed, assignment requests also may be copied to the school secretary, principal and/or assistant principal. This homework may be picked up between 2 and 3 p.m. that day in the office. However, it is ultimately the responsibility of the absent student to obtain assignments from each individual teacher; All assignments must be completed and turned in within two school days of a student’s return to school. If a student needs additional assistance with assignments, he or she should first speak with the teacher, and may attend tutoring before or after school.

All assignments at every school must be turned in within the above time frame. All assignments at every school must be completed and turned in; however, unexcused absences will result in student homework for the days of the absences not being counted for credit.

Infinite Campus PORTAL

Infinite Campus is a web-based program that will provide real-time data to parents who access the parent portal. Both students and parents will be given access to this portal. Parents/guardians will have one log-in name and password to
access all students in their household’s data. All students within a household will be displayed in a single browser. A few of the many options that can be viewed include attendance, grades, homework/assignments, schedules, etc.

Formal notification that outlined the process of gaining access through the website was sent in the form of a letter to all parents/guardians in the fall of 2008. If you have not received your letter and wish to gain access or have any questions regarding the IC Parent Portal, please contact Jennifer Robinson at the Ballard Board of Education’s central office at 665-8400, ext. 2003, or email her at jennifer.robinson@ballard.kyschools.us.

STUDENT REPRESENTATIVES

While participating in extracurricular activities and school-sponsored events, students should understand that they are representing Ballard County Schools. These students are held to higher standards than those found in this Code of Behavioral Expectations.

1. Students must be in attendance at least a half-day to participate in extracurricular activities.
2. Academic eligibility is monitored on a weekly basis. A middle school student must pass four of his or her six classes to be eligible; a high school student must pass five of his or her seven classes to be eligible.
3. Students assigned to In-School Detention or Alternative School are ineligible to participate or attend any extracurricular activity or school-sponsored event, including those held off-campus.
4. Students under suspension also are ineligible to participate or attend.
5. Coaches and sponsors have the responsibility of monitoring their student representatives.
6. These rules and regulations cover all extracurricular activities and school-sponsored events, both on- and off-campus, including youth and recreational leagues. Students may be dismissed from any such activity or event at the discretion of administrators.

NOTE: Site-Based Decision-Making councils at each school may make more stringent policies (attendance, behavior, etc.) part of their criteria for whether students may participate in some activities during the year. Schools will make every effort to communicate these changes to parents. Parents may obtain any additional SBDM requirements from their individual principal's office.

ACCIDENT INSURANCE PROVIDED FOR ALL STUDENTS

The Ballard County Board of Education purchases basic and catastrophic accident insurance coverage for all district students, which is in force during school time and for school-sponsored activities. Important information regarding this coverage is outlined below. This information is intended as a brief description for reference only.

Only accidents which occur in school-sponsored and -supervised activities (including participation in interscholastic sports) are covered.
An accident is defined as an unexpected, sudden and definable event which is the direct cause of a bodily injury, independent of any illness, prior injury or congenital predisposition.

Conditions which result from participating in an activity do not necessarily constitute accidents. For example, illnesses, diseases, degeneration, conditions caused by continued stress to a particular area of the body, and existing conditions aggravated by an accident are not covered.

The policy will not cover expenses payable under the insured's HMO or PPO. If the insured chooses not to use an authorized medical vendor (under HMO or PPO), the policy will cover expenses incurred that it would have honored had the insured used the proper medical vendor.

Medical treatment for a covered accident must begin within 60 days of the accident. Only expenses incurred within 52 weeks are considered. Benefits are determined on the basis of reasonable and necessary for the geographic location where services are performed.

Specific exclusions of the policy include, but are not limited to: sickness, disease or hernia in any form; non-prescription drugs; fighting; the use of electric biomechanical devices; and orthotics not prescribed exclusively for rehabilitation (e.g., playing brace, mouth guard).

Accidents must be reported to the school as soon as possible after they occur. Any student who is injured at school or during a school-sponsored activity should contact the secretary in his/her building. The secretary will have student accident reports and the insurance packet. Additional 24-hour coverage may be purchased for a fee; forms were sent home with students at the beginning of school.
DISCIPLINARY PROCEDURES

This Student Code of Behavioral Expectations contains the recommended procedures to use in applying disciplinary action to specific conduct offenses. There are four levels of misconduct, which are progressive, ranging from Level 1 as the least severe to Level 4 as the most severe. The level of severity is dependent upon variables such as the circumstance of the offense, the type of offense, the degree of seriousness and the frequency of the offense. Consequences in each level are in no particular order.

Ballard County Elementary School also uses the Positive Behavior Intervention System in grades K-5 to reduce the incidence of discipline referrals. For more information, contact Principal Vicki Gough at 270-665-8400, ext. 2201, or email vicki.gough@ballard.kyschools.us.

Due to these variables, a number of disciplinary response options have been developed for each level of misconduct. These options allow the teacher, principal or his/her designee to review and recommend the most appropriate response for the student and the offense, thus assuring that the option chosen best fits the problem. Repeated incidents of misbehavior at any level may be referred to the next-higher level of misconduct.

Following an explanation of consequences for each level is a list of possible behavior violations. For complete definitions of the individual violations, please see the “For Parents” page of our website at www.ballard.kyschools.us, or contact the student’s principal, or Bob Wilson, Ballard director of pupil personnel, at 270-665-8400, ext. 2014.

LEVEL 1 BEHAVIOR AND CONSEQUENCES

Level 1 misconduct includes minor misbehavior on the part of the student that impedes orderly classroom procedures or interferes with the orderly operation of the school. These misbehaviors usually can be handled by an individual staff member, but sometimes require the intervention of other school support personnel.

Disciplinary response options: The teacher/principal or his/her designee shall confer with the student/parties concerned as soon as is practical. Disciplinary options include (not necessarily in order):
   a. verbal warning
   b. notification to parents/guardians by phone, letter, or message
   c. office referral

LIST OF BEHAVIOR VIOLATIONS - Level 1

(For complete definitions of the individual violations, please see the “For Parents” page of our website at www.ballard.kyschools.us.)

1.0 Minor violations of classroom, hallway, restroom and campus behavior
   1.1 Defamation
   1.2 Dress code violations
   1.3 Violations deemed appropriate by the principal/designee for this level

LEVEL 2 BEHAVIOR AND CONSEQUENCES

Level 2 misconduct includes misbehavior in which the frequency or seriousness tends to disrupt the learning climate of the classroom or school. These infractions often result from the continuation of Level 1 misbehaviors. They require the intervention of administrative personnel because Level 1 disciplinary options failed to correct the situation or because the infractions have become more serious.

Disciplinary response options: The principal or his/her designee shall confer with the student/parties concerned as soon as is practical. Disciplinary options include (not necessarily in order):
   a. notification to parents/guardians by phone, letter, or message
   b. student behavior contract
   c. in-school detention
   d. before/after-school detention
   e. suspension of the student (removal from school) for no more than two school days. The student will be readmitted to school only after a parent/student/school conference. The superintendent or his/her designee, the director of pupil personnel, and other appropriate persons shall be notified by letter.
   f. petition/warrant signed (The principal or designee may sign a petition/warrant when a Kentucky Revised Statute is violated.)
LIST OF BEHAVIOR VIOLATIONS - Level 2

2.6 Skipping school or truancy
2.7 Gambling
2.8 Profanity/vulgarity

2.18 Intimidation of witness
2.19 Vandalism
2.20 Theft and related offenses
2.21 Violations deemed appropriate by the principal/designee for this level

LEVEL 3 BEHAVIOR AND CONSEQUENCES

Level 3 misconduct includes acts directed against persons or property in which the action or its consequences endanger the health or safety of self or others in the school. Although these acts might be considered criminal, generally they can be handled by the disciplinary mechanism in the school. Corrective measures that the school should undertake, however, depend upon the extent of the school's resources for mediating the situation in the best interest of all students.

Disciplinary response options: The principal or his/her designee shall confer with the student/parties concerned as soon as is practical. The parents or guardians shall be contacted immediately by phone, letter or message. Disciplinary options include (not necessarily in order):
   a. in-school detention
   b. before/after-school detention
   c. suspension of the student (removal from school) for three to 10 school days. The student will be readmitted to school only after a parent/school/student conference is held. The superintendent or his/her designee, director of pupil personnel, and other appropriate personnel shall be notified by letter.
   d. referral to alternative school up to 44 days.
   e. referral to proper law enforcement authorities (The principal or his/her designee may sign a petition/warrant when a Kentucky Revised Statute is violated.)

Any student receiving a Level 3 consequence will be required to meet with the school guidance counselor, who may refer the student for further evaluation.

(For complete definitions of the individual violations, please see the “For Parents” page of our website at www.ballard.kyschools.us.)

3.0 Repeated violations of Level 2 offenses

3.3 Loitering by unauthorized student
LEVEL 4 BEHAVIOR AND CONSEQUENCES

Level 4 misconduct includes acts that result in violence or which pose a direct threat to the safety or health of self, other persons or property in the school. Level 4 misconduct also includes habitual violations of the Student Code of Behavioral Expectations. These acts may be criminal or may be so serious that they may require administrative actions that result in the immediate removal of the student from school, the intervention of law enforcement authorities, and/or action by the Ballard County Board of Education.

Disciplinary response options: The principal or his/her designee shall confer with the student/parties concerned as soon as practical. The parents or guardians shall be contacted immediately by phone, letter, or message. Disciplinary options include (not necessarily in order):

a. Long-term placement of 45-90 days (alternative placement)
b. Expulsion with services of 90-172 days (alternative placement)
c. Expulsion without services (student poses threat to the safety of himself or others)

Any student receiving a Level 4 consequence will be required to meet with the school guidance counselor before being readmitted to school. The counselor may refer the student for further evaluation.

Note: Students who have successfully fulfilled two-thirds of their disciplinary term with exemplary behavior and work ethic while serving a. or b. above may request the principal/designee for a hearing before the Ballard County Board of Education to be removed from alternative placement and placed on disciplinary probation for the remainder of the original term.

Non-school violations: Students will be subject to school discipline for any violation of this code with regard to school personnel and property during non-school time.

Note: There may be situations in which ANY LEVEL of misconduct warrants suspension or a recommendation for expulsion, depending upon the circumstances surrounding the violation and/or the student's past behavior record. The Ballard County Board of Education recognizes that a petition/warrant to the court may be issued.

4.0 Repeated violations of Level 3 offenses
### DISTRICT STUDENT CELL PHONE/ELECTRONIC DEVICE POLICY AND DISCIPLINE

Students are not allowed to have a cell phone/electronic device in their possession during the instructional day. Students will turn off and put away their cell phones immediately upon entering the building, and must keep their cell phones in their lockers, turned off, until the last bell of the instructional day.

**First discipline referral:**
- a. Cell phone/electronic device and all contents (SIM/memory card, etc.) will be confiscated from student, labeled, and placed in the school safe for five consecutive school days. The device and contents will remain in the safe over any weekend or holiday occurring before the end of those five consecutive school days.
- b. Cell phone/electronic device and all contents will be released only to the parent or guardian on the fifth school day.
- c. Student will serve one session of after-school detention.

**Second discipline referral:**
- a. Cell phone/electronic device and all contents (SIM/memory card, etc.) will be confiscated from student, labeled, and placed in the school safe for 10 consecutive school days. The device and contents will remain in the safe over any weekend or holiday occurring before the end of those 10 consecutive school days.
b. Cell phone/electronic device and all contents will be released only to the parent or guardian on the 10th school day.
c. Student will serve one session of after-school detention.

Third discipline referral:
   a. Cell phone/electronic device and all contents (SIM/memory card, etc.) will be confiscated from student, labeled, and placed in the school safe for 30 consecutive school days. The device and contents will remain in the safe over any weekend or holiday occurring before the end of those 30 consecutive school days.
b. Cell phone/electronic device and all contents will be released only to the parent or guardian on the 30th school day.
c. Student will serve a minimum of three days of in-school detention.

Fourth discipline referral:
   a. Cell phone/electronic device and all contents (SIM/memory card, etc.) will be confiscated from student, labeled, and placed in the school safe for the remainder of the school year.
b. Cell phone/electronic device and all contents will be released only to the parent or guardian on the last day of school.
c. Student will serve a minimum of five days of in-school detention.

If the cell phone/electronic device is confiscated in conjunction with any other infraction of this Code of Behavior, it may result in a higher level of discipline consequences, regardless of the number of offenses.

While all of these policies apply equally to cell phones on school buses, whether or not a student may use a different kind of electronic device (game/music player only, excluding cell phones) on a bus to play games or listen to music with ear/headphones is up to the discretion of the individual driver. These rules should be made clear by the driver at the beginning of the year; however, it is the student’s responsibility to ask if he or she is unsure of the driver’s policy.

**STAFF DRESS CODE**

The following is the dress code for teachers, aides and office staff. Our goal is to improve the perception of professionalism in our school. The principal or his/her designee has the right to utilize discretion on any/all dress code issues.

BALLARD COUNTY SCHOOLS NO-NIT POLICY

Ballard County Schools has adopted a “no-nit” policy, which means that if a student is found to have head lice and/or nits (lice eggs), he or she will be quarantined and sent home with a parent for lice treatment. The student’s absence or tardy for that day will be medically excused, as well as for the following school day if needed. Any additional days missed due to head lice will be unexcused.

Students with head lice will not be permitted to return to school until proof of treatment is shown, i.e., empty medicine bottle brought to the school’s office. They must be nit-free (no eggs in the hair) in order to return to school.

Students must be brought to school by a parent when returning to school. They cannot ride the bus. They will be reexamined before going to the classroom.

Staff will examine the students 10 days after treatment. Occurrences of head lice will be addressed as outlined below:

**FIRST OCCURRENCE:** A parent/guardian is required to pick the student up from school. Parent will sign a sign-out sheet and will be given a lice awareness fact sheet.

**SECOND OCCURRENCE:** A parent/guardian is required to pick the student up from school. Parent will sign a sign-out sheet and will be given a lice awareness fact sheet.

**THIRD OCCURRENCE:** A parent/guardian is required to pick the student up from school. The school nurse may make a home visit to assess the situation. The Department of Social Services will be called for further assistance since this could be a possible case of neglect.

REGULATIONS FOR STUDENTS RIDING SCHOOL BUSES

The privilege of any student to ride a school bus is conditioned upon his/her good behavior and observance of the following rules and regulations. **Time spent on the school bus is to be considered an extension of the school day, and as such, is subject to all the rules/policies contained in this Code of Behavior.** When a student violates any of these rules and regulations, the principal of the school that the student attends will take necessary corrective action.

Temporary bus assignments must have a guardian signature, a working phone number, and the correct 911 address for the alternate pick up/drop off location. Parents and/or guardians must inform the student’s school, in writing, by email or by phone, about any alternate transportation requests. These requests shall be in the form of a signed letter or email from the primary guardian which may be delivered to the school with the student, via email, or as a printed form that may be completed at the school by a listed guardian. Please watch your phone or email messages for a confirmation that the request has been accepted; if you do not receive confirmation by 1:30 p.m., please call your child’s school.
The Transportation Department will no longer accept any temporary assignments after 1:30 p.m. of the affected day of transit during a regular school day. Half-days or early dismissals shall be requested no later than one hour before dismissal.

A listed parent/guardian of a student in second grade or below shall be present at a designated drop-off location, unless the student is accompanied by a student in sixth grade or above. The driver shall continue with his or her route in the event that a listed guardian is not physically present to assume custody of the student. Reoccurring delays will be recorded and documented. We reserve the right to contact social services for child neglect. Transportation privileges may be revoked by the Transportation Director. The Transportation Department shall not be held responsible for delays due to guardian negligence. All students not received at the drop-off point according to board policy will be returned to their schools for pick-up and are subject to an additional charge for child care.

If there are any problems with a child’s pick up/drop off locations, staff members will make up to three attempts to contact persons on the child’s official school record. If the phone numbers on file are found to be disconnected, no longer in service or are working numbers that are not answered at the time of any attempted contact, the child will be brought back to ASK child care at the elementary school. The third time a child must be brought back to ASK, school officials will contact the Department of Social Services.

There shall be no more than one designated regular pick up/drop off location listed per student on a permanent bus assignment. A correct 911 address and current phone number shall be provided to the school. It shall be the guardian’s responsibility to inform the schools about any address and/or phone number changes. A working phone number MUST be submitted to the student’s school.

Any student in alternative school will have his/her driving privileges revoked for the duration of his/her time in alternative school. These students must ride a school bus, or be brought to school and picked up by a parent or guardian. They may not ride with another student. If they are written up for any behavioral incident on the bus, they will lose any accrued time off for good behavior in alternative school, and will remain in that placement for the entire time they originally were told to serve.

1. The driver is in full charge of the bus and the students, as long as students are on the bus. Students shall obey the driver promptly.
2. Students shall occupy the space designated for them by the driver.
3. Students shall be on time; the bus cannot wait for those who are not on time. Pursuant to 702 KAR 5:080, students should be ready to board the bus 5 minutes prior to their scheduled pick-up time.
4. Students are never to stand in the road while waiting for the bus.
5. Students are not to throw waste paper or other rubbish on the floor of the bus.
6. Students are not to mar or otherwise deface the bus.
7. Students are never to stand in the road while waiting for the bus.
8. Students are not to start to school when sick or when any member of the family has a contagious disease.
9. The following activities are prohibited at all times:
   a. improper behavior, including insolence, disobedience, vulgarity, foul language, fighting, pushing, shoving or similar offensive acts
   b. eating or drinking on the bus – this includes candy, drinks, etc., from machines at school
   c. throwing articles or objects in or from the bus
   d. tampering with mechanical equipment, accessories or controls of the bus
   e. placing musical instruments or other articles at the door by the driver
   f. obstructing the aisle in any manner
   g. occupying more space in a seat than required
   h. opening or closing windows without permission of driver
   i. bringing toys, glass, etc., on the bus
   j. bringing animals, reptiles, rodents, etc., on the bus
   k. spitting on the floor of the bus
10. Possession of cell phones and other electronic devices will follow the district policy on pg. 19. Phones/Devices must be kept in backpacks, bags, purses, or otherwise put away, turned off, during transportation on the bus. Whether or not a student may use a different kind of electronic device (game/music player only, excluding cell phones) on a bus to play games or listen to music with ear/headphones is up to the discretion of the individual driver. These rules should be made clear by the driver at the beginning of the year; however, it is the student’s responsibility to ask if he or she is unsure of the driver’s policy.
11. Students are to avoid unnecessary conversation with the driver.
12. Students are to keep arms and heads inside the bus windows at all times.
13. Students are not to leave the bus without the driver’s consent at home or at school.
14. Students are not to leave their seats unless getting on or off the bus or unless authorized by the driver.
15. Students are to report any damages to the bus to the driver at once.
16. Students are to walk on the left side of the road, facing the traffic.
17. For safety reasons, when students are required to cross the roadway when entering or exiting the school bus, these roadway crossings shall be made in front of the bus. The students shall cross the roadway a distance of approximately 10 feet in front of the bus in order for the driver to see them.
18. When students must cross the roadway to enter or exit the bus, they shall not cross the roadway until signaled to do so by the driver.
19. Should the conduct of a student on the bus endanger the lives of other people, and the offending student fail to cease such conduct when requested by the driver to do so, it shall be the duty of the driver to put the offender off the bus and report his or her action to the principal immediately. This should be done only in extreme cases and as a last resort to protect the safety of the other students.
20. Any complaints of drivers, students or parents not specified in the above regulations shall be reported promptly to the principal and director of transportation.
21. Any student who persists in violating any of these rules or regulations shall be reported to the principal of the school which he or she attends; his/her bus riding privileges may be denied temporarily or permanently.

**DISCIPLINARY PROCEDURES FOR VIOLATION OF BUS REGULATIONS**

Bus drivers will deal with small or low-level discipline concerns (i.e., minor disturbances, horseplay, excessive noise, unruliness, etc.) on the bus (in-house). Bus drivers will use verbal warnings, seating assignments, and parent notifications as a means to promote safety, order, and the rights of others on Ballard County school buses. Possession of cell phones will follow the district policy on page 13. Phones not kept in backpacks, bags, purses, or otherwise put away, turned off, during transportation on the bus, will be confiscated and turned in to the student’s school office per that policy.

When a passenger commits an offense of serious enough nature, a written report will be issued on a Bus Misconduct Report form describing the offense or incident. The completed form will be submitted to the student's building principal. As with other discipline infractions that occur on campus, the level of severity is dependent upon variables such as the circumstance of the offense, the type of offense, the degree of seriousness and the frequency of the offense, and is at the discretion of the appropriate administrator. Some offenses, even the first time, are higher-level offenses; repeated incidents of misbehavior at any level may be referred to the next-higher level of misconduct. Each school administrator who is responsible for student discipline will use the following guidelines for discipline:

1. **First offense** - The driver reports the student's misconduct to the principal/designated administrator in writing on the Bus Misconduct Report form. Disciplinary response options:
   a. Principal conference
   b. After-school detention
   c. In-school detention

2. **Second offense** - The driver reports the student's misconduct to the principal/designated administrator in writing on the Bus Misconduct Report form. Disciplinary response options:
   There will be a letter of notification sent by the school principal or designated school administrator to parents/guardians warning them of the consequences for a third offense by their child while riding the bus, and one of the following:
   a. Principal conference
   b. After-school detention
   c. In-school detention

3. **Third offense** - The driver reports the student's misconduct to the principal/designated administrator in writing on the Bus Misconduct Report form. Disciplinary action:
   a. A letter of notification to parents/guardians informing them that their child's bus riding privileges have been suspended for a minimum of one day, or up to a maximum of 10 days.

4. **Fourth offense** - The driver reports the student's misconduct to the principal/designated administrator in writing on the Bus Misconduct Report form. Disciplinary action:
   a. A letter of notification to parents/guardians informing them that their child's bus riding privileges have been suspended for a minimum of 30 days, or up to a maximum of 45 days.

5. **Fifth offense** - The driver reports the student's misconduct to the principal/designated administrator in writing on the Bus Misconduct Report form. Disciplinary action:
   a. A letter of notification to parent/guardians informing them that their child's bus riding privileges have been suspended for the remainder of the semester or year.

6. When a driver requests a student to move to the front of the bus to stop a problem or discuss consequences of their actions, and/or to begin a write-up procedure, and the child refuses, this act of insubordination is an automatic third offense.
USE OF PHYSICAL RESTRAINT AND SECLUSION

The Board has established a policy and related procedures addressing the use of physical restraint and seclusion of students that are designed to promote the safety of all students, school personnel and visitors. The text of policy 09.2212 may be found in the online policy manual on the right side of the “District” page of the website at www.ballard.kyschools.us. If you need further assistance, please contact Bob Wilson, district director of pupil personnel, at 270-665-8400, ext. 2014.

PUPIL SUSPENSION AND EXPULSION

It is necessary to maintain the pupil's contact with a continuous program of education, either in a classroom setting or in a specifically-arranged program under the direction of the administration.

The pupil's needs will be considered as well as the requirements of the institution. The underlying causes of a pupil's behavior should be considered, along with his or her actions and attitudes. All pupils admitted to Ballard County Schools shall comply with the lawful regulations for the government of the schools. Willful disobedience or defiance of the authority of teachers or administrators, use of profanity or vulgarity, assault or battery or abuse of other students or school personnel, the threat of force or violence, the use or possession of alcohol or drugs, stealing or destruction or defacing of school property or personal property of students, the carrying or use of weapons or dangerous instruments, or other incorrigible conduct on school property, as well as off school property at school-sponsored activities, constitutes cause for suspension or expulsion from school. Assault, battery or abuse of school personnel, stealing or willfully or wantonly defacing, destroying or damaging the personal property of school personnel on school property, off school property, or at school-sponsored activities also constitutes cause for suspension or expulsion from school.

The superintendent, principal or assistant principal of any school may suspend a pupil for up to 10 school days for violations and shall report such action in writing immediately to the superintendent and to the parent/guardian or other person having legal custody or control of the pupil. The office of the superintendent must receive a telephone communication prior to a suspension decision lasting more than three days. Parent/guardian may sign an agreement for the suspended student to attend the Alternative School for continuing his or her education under more restrictive conditions for a period of time to be determined by the director of the Alternative School, based on progress and behavior of the student.

If a student is suspended or expelled from a Ballard County school, that student is automatically barred from attending or participating in all extracurricular activities in the county schools.

The Ballard County Board of Education may expel any pupil for misconduct, but such action shall not be taken until the parent/guardian or other person having legal custody or control of the pupil has had the opportunity for a hearing before the board. The decision of the board shall be final.

DUE PROCESS RIGHTS AND PROCEDURES

Due process includes those rights which accrue to a student accused of violating school regulations and which may be brought to his or her defense at a disciplinary conference or hearing pending possible suspension or expulsion from school.

A pupil shall not be suspended from Ballard County Schools until after the following due process procedures have been provided:

a. The pupil has been given oral or written notice of the charge or charges against him or her which constitute cause for suspension.
b. The pupil has been given an explanation of the evidence of the charge or charges if the pupil denies them.
c. The pupil has been given an opportunity to present his or her own version of the facts relating to the charge or charges.

These due process procedures shall precede any suspension from Ballard County Schools unless immediate suspension is essential to protect persons or property or to avoid disruption of the ongoing academic process. In such cases, the due process procedures outlined above shall follow the suspension as soon as possible, but no later than three school days after the suspension. A conference may be held between the official who meted out the suspension and the pupil and his or her parents/guardians prior to re-admission.
DUE PROCESS PROCEDURES FOR SPECIAL EDUCATION OR SECTION 504 STUDENTS – DISCIPLINARY CHANGE OF PLACEMENT

Special education or Section 504 students who create a disruption or dangerous situation for themselves or others which could result in suspension or expulsion will be handled according to the Special Education and Section 504 policies and procedures approved by the Ballard County Board of Education.

To view these policies and procedures, please contact the Board office at 3465 Paducah Road, Barlow, during normal business hours (phone 665-8400, ext. 2000), or visit the district’s website at www.ballard.kyschools.us. Click the “District” button at the left of the home page, then the “About Us” link at the left of the district information page. A link to online policies and procedures can be found on the right side of the About Us page under the heading “Helpful Links.”

Additional information about our 504 and special education programs may be found by clicking the “Departments” tab on the home page, then selecting the “Special Education” link in the drop-down list.

SCHOOL DETENTION

Each school in the Ballard County School District will implement a detention program. The principal/designee will assign detention for students who violate classroom rules and school rules.

Procedures:
1. Teachers will complete Disciplinary Report forms for students who violate rules.
2. Students will be assigned to detention by the principal/designee.
3. Parents will be notified of the detention by telephone or by mail.
4. Failure of the student to attend early-morning or in-school detention or failure of the parent to provide transportation at the appropriate time may result in assignment to after-school detention, alternative school or suspension.
5. Students repeatedly assigned to detention may have extended detention assignments, after-school detention or alternative school placement, or suspension.
6. Work to be completed by the student during detention will be assigned by the referring teacher.
7. Students who refuse to complete assignments while in detention may be assigned additional detention.

HOMEWORK POLICY/AFTER-SCHOOL DETENTION

An after-school detention will be held at least twice a week. Students may be assigned to after-school detention for two reasons: incomplete work or discipline issues. Only the principal/dean of students may assign students to the detention room for discipline reasons. If a student has incomplete work, at the teacher’s discretion, that student may be assigned detention. A homework policy must be communicated to students/parents and administered by teachers.

If detention is needed, the teacher will complete a detention slip for the student assigning after-school detention for the next school day. Only the principal will accept a medical or other similar excuse as a reason for missing detention. After-school activities will not exempt a child from detention.

AFTER-SCHOOL DETENTION RULES AND REGULATIONS

The after-school detention program will be run strictly according to these regulations, and the student will be held accountable for them while serving his/her assignment.

Purpose – After-school detention is a constructive and meaningful alternative to the standard out-of-school suspension. By requiring students to correct their misbehaviors on their own time rather than taking time away from school, after-school detention will serve as a deterrent.

Principals have the prerogative to assign more than one day, depending upon the severity of the student's offense.

Procedure - Students must bring class assignments in order to be admitted, and are personally responsible for securing these assignments from their classroom teachers. Self-help packets will be assigned to each individual. The
packets must be returned to the monitor, who will forward them to the principal/designee for reference in working with the student.

Failure to complete the self-help packets in a conscientious manner will result in additional time being assigned to after-school detention.

Students are expected to be actively involved with their assigned homework and class material for the duration of the day. Snacks and/or drinks are not permitted in the after-school detention classroom at any time. Talking is not permitted except with the permission of the monitor.

**Misbehavior** - Students asked to leave because of their conduct during after-school detention will be suspended.

**Examples of misbehavior while attending after-school detention:**
1. Not having class assignment
2. Sleeping while attending after-school detention
3. Talking
4. Other action(s) deemed inappropriate by the monitor

**Transportation** - Transportation currently is provided on the 21st Century Community Learning Center bus to designated pick-up points in the community. Any other arrangements for transportation following after-school detention are the responsibility of the student and his/her parents. These arrangements must include pick-up immediately after the scheduled end of after-school detention; repeated failure to pick up students in a timely manner may result in school officials contacting the Department of Social Services.

**Telephone** - Students will not be allowed to use the telephone except in an emergency. Students should inform parents of the exact time to pick them up.

**Valid reasons for absence from assigned after-school detention:**
1. Family death
2. Illness verified by doctor or dentist
3. Other absences, approved in advance, by school officials

**Student’s after-school job** - Working is not an acceptable reason for missing after-school detention.

**Refusal to serve** - Refusal to serve after-school detention as assigned will result in an additional after-school detention assignment. Failure to attend assigned day(s) in after-school detention shall result in suspension/assignment to in-school detention. If suspended, the student’s parent(s)/guardian(s) must meet with a school official before he/she will be readmitted to school.

This board regulation does not attempt to do away with suspension as a viable alternative for discipline when appropriate. Violations of Level 3 and 4 misconduct may necessitate assignment to alternative school, suspension or expulsion.

### ALTERNATIVE SCHOOL/IN-SCHOOL DETENTION

Alternative school and in-school detention are self-contained classrooms for students whose behavior and/or attendance has placed them in a position of possible suspension or expulsion from school. Alternative school and in-school detention also may be used for credit recovery, unless the student has been referred for behavior/discipline issues.

Referral of a student shall be made by the principal and/or designee. His/her decision shall be based on information received from teachers, counselors, administrators, other supervisory staff, the student himself or herself, interviews with other students, or the judicial system. Subject to laws governing services to students with disabilities, the principal has the authority to refer a student to alternative school for violations of numerous policies or discipline codes relating to students, or for repetitive minor infractions that are disruptive to the learning environment that could result in suspension or expulsion from school. **Students assigned to alternative school for the first time should be accompanied by a parent/guardian for the initial intake process or the student may be sent home and accrue an unexcused absence for that day.** Students shall be closely supervised, with emphasis placed upon developing academic progress, positive attitude and positive behavior.

Any student in alternative school will have his/her driving privileges revoked for the duration of his/her time in alternative school. These students must ride a school bus, or be brought to school and picked up immediately after school by a parent or guardian. Repeated failure to pick up students in a timely manner may result in school officials contacting the
Department of Social Services. They may not ride with another student. If they are written up for any behavioral incident on the bus, they will lose any accrued time off for good behavior in alternative school, and will remain in that placement for the entire time they originally were told to serve.

Students assigned to In-School Detention or Alternative School are ineligible to participate or attend any extracurricular activity or school-sponsored event, including those held off-campus.

SEARCH AND SEIZURE

Lockers are property of the school and are subject to the board of education's regulation and supervision. Locker inspections or searches are not carried out as a harassment technique, but as a duty when the health, safety or welfare of students is involved. In a search and seizure situation the following procedures shall be followed:

1. A student's person only will be searched when there is reasonable suspicion that the student is concealing evidence of an illegal act or school violation.
2. Illegal items (weapons, firearms, etc.) or other possessions reasonably determined by the proper school authorities to be a threat to the safety or security of the student or others may be seized by school officials.
3. Items which may be used to disrupt or interfere with the educational process may be temporarily removed from the student's possession by a staff member. These items may be returned to the student by that staff member or through the office.
4. A general inspection of school properties such as lockers, desks, etc., may be conducted on a regular basis. During these inspections, items which are school property may be collected (example: overdue library books).
5. All items which are seized will be turned over to proper authorities or returned to the true owner, depending on the situation. The student will have the opportunity to be present when a search of personal possessions is to be conducted unless: 1) the student is absent from school; 2) school authorities decide that the student's presence could endanger the student's health and safety; or 3) other good cause.

The U.S. Supreme Court, on January 15, 1985, ruled that a school administrator may search a student if he/she has sufficient probability to believe that the search will turn up evidence of violation of the law or rules of the school and the nature and scope of the search is related to its object, to the age and sex of the student, and to the severity of the infraction.

CLOSED CAMPUS

All students are required to remain on school grounds during the hours that school is in session, including the lunch period. Students must have permission from a parent/guardian and approval by the principal or his/her designee to leave the campus. There will be no unauthorized leaving of school grounds.

SCHOOL VISITORS

The Ballard County Board of Education encourages citizens to visit the schools as often as practicable. Each visitor should report to the principal's office to get authorization and a sticker or some other form of temporary identification for his/her presence in the building, so as not to disrupt school programs. Any authorized person entering a main building or picking up a student will be required to show a valid photo ID. Students are not allowed to bring a friend/guest to visit their school for a day or any part of a day without prior consent of the building principal.

LIBRARY/MEDIA CENTER REGULATIONS

1. Overdue books/materials fines
Fines will not be charged for overdue books at the elementary school. Elementary students with overdue books will have their report cards held until the books are returned or replacement costs have been paid.
Middle and high school students with overdue books will be charged a fine of 5 cents per day per book that the book is overdue (with a grace period of five days). These students will lose all library privileges until the books are returned or replacement costs have been paid. After 30 days, students will be referred to the principal. At the end of each school year, students will be required to pay replacement price for lost materials.
2. Loss of or damage to books/materials
Students who lose, destroy or damage books/materials beyond use will be required to pay for the material. In most instances, the replacement price should be used as a guide for payment.

If a paid-for book is found, the money will be refunded to the student. Refunds will not be made for books/materials lost one year and found the following year. These books/materials become the property of the student.

3. Printing in the middle/high school library.
Students will be charged 10 cents per sheet for printing items not required for class assignments.

**ELECTRONIC RESOURCE ACCEPTABLE USE POLICY AND PROCEDURES**

Rights and responsibilities
Ballard County schools provide computer resources in an effort to help support its primary objective, which is to enhance teaching and learning. ADDITIONAL DISTRICT NETWORK RULES

Students are responsible for good behavior on school computer networks just as they are in a classroom or school hallways. Communications on the network often are public in nature. General school rules for behavior and communications apply.

The network is provided for students to conduct research and communicate with others. Access to network services is given to students who agree to act in a considerate and responsible manner. Access is a privilege – not a right. Access entails responsibility.

Individual users of the district computer networks are responsible for their behavior and communications over those networks. It is presumed that users will comply with district standards and will honor the agreements they have signed. Beyond the clarification of such standards, the district is not responsible for restricting, monitoring or controlling the communications of individuals utilizing the network.

Network storage areas may be treated like school lockers. Network administrators may review files and communications to maintain system integrity and ensure that users are using the system responsibly. Users should not expect that files stored on district servers, school servers and/or workstations always will be private.

Within reason, freedom of speech and access to information will be honored. During school, classroom teachers will guide students toward appropriate materials. Outside of school, families bear the same responsibility for such guidance as they exercise with information sources such as television, telephones, movies, radio and other potentially offensive media.

As outlined in Ballard County Board of Education Policy No. 08.2323 and other procedures on curriculum and instruction (copies of which are available in school offices), students will NOT:

- Attempt to damage/alter/remove hardware/software/network files/computer systems or networks;
- Attempt to access another’s folders, work or files;
- Attempt to gain unauthorized access to technology resources or waste technology resources;
- Copy/distribute software owned/licensed to any facility of the Ballard County Board of Education;

- Attempt to use Ballard County Public Schools’ network for personal or commercial activities, product promotion, political lobbying or illegal activities;
- Attempt to use unauthorized games, interactive messaging or internet-based email accounts;
- Attempt to use unauthorized software products or Internet resources, which affect computer/network performance.

VIOLATIONS MAY RESULT IN A LOSS OF ACCESS AS WELL AS OTHER DISCIPLINARY AND/OR LEGAL ACTION.

Loss of network services: The district technology coordinator may suspend or close an account at any time as required. The district technology coordinator must notify the user in writing within two weeks following the action of the reason for suspension or termination of an account. The administration, faculty, and staff of Ballard County Board of Education also may request the system administrator or district technology coordinator to deny, revoke, or suspend specific user accounts. Revocation of unsupervised network and Internet access will be for a period of up to one calendar year. Users (students, staff or community members) whose accounts are denied, suspended or revoked do have the following rights:

1. To request (in writing) from the district technology coordinator a written statement justifying the actions.
2. To submit a written appeal to the superintendent.
3. Pending the decision of the committee, a user can make a final appeal to the board of education. The decision of the board of education is final.
4. Reliability - Ballard County Board of Education will not be responsible for any damages not limited to loss of data resulting from delays, non-deliveries, misdeliveries or service interruptions caused by its own negligence or user errors or omissions.
5. Security on all systems is a high priority, especially when the system involves many users. If any user can identify a security problem on the network, he/she must notify a system administrator or send e-mail to mike.howle@ballard.kyschools.us or the school network administrator. Do not demonstrate the problem to other users.
6. Vandalism shall result in cancellation of privileges. Vandalism is defined as any attempt to harm or destroy data, operating systems or applications of another user, Ballard County School network, or any file server or other network that is connected to the KETS Internet backbone. This includes, but is not limited to, the uploading or creation of computer viruses.

STUDENT DRUG TESTING POLICY

This policy applies to all student athletes and all students involved in any co-curricular or extracurricular activities on the high-school level, and all student drivers. The development of this program, under the direction of the superintendent and Board of Education for Ballard County Schools, will involve the drug testing of students who choose to participate in any of the above activities in this school system. This policy, once initiated in the school system, should be for the sole purpose of deterring any students from using or abusing drugs.

I. RATIONALE STATEMENT
The district has established a drug-testing program for students because state surveys indicate that Ballard County is above state and regional numbers for student alcohol, tobacco and other drug use, as well as for the following reasons:
1. These students often serve as role models for other students.
2. Through participation in athletics and other activities, students using illegal drugs pose a threat to their health and safety, as well as to the health and safety of others.
3. The policy will offer students a reason to refrain from using drugs.

II. DEFINITION OF TERMS
1. Drug: Any illegal substance or substances controlled by federal regulations.
2. Student: Any student participating in athletic practices and/or contests, extracurricular activities or driving under the control and jurisdiction of the district. This includes all team, club and organization members of any kind, as well as those students who drive to and from school.
3. Athletic Eligibility: Determination of athletic eligibility shall be made in compliance with applicable policies, administrative procedures, and Kentucky High School Athletic Association requirements.

III. TESTING PROCEDURE:
1. Drug testing shall be a requirement for participation in any sport, extracurricular activity or student driving opportunity offered by the district. Each student who plans to participate in these activities at the high school level, along with his/her parent or guardian must sign a written consent form for drug testing as a prerequisite to the student's participation. If the parent or guardian does not consent, the student will not be allowed to participate.
2. Testing will be accomplished by the analysis of urine specimens obtained from the student as directed by the random sampling selection procedure.
   a. Procedures to reasonably ensure privacy during the taking of samples, security of samples once obtained, and designation of laboratory services that are accurate and reliable will be established.
   b. Appropriate measures to protect student confidentiality throughout the testing process and in the handling of results will be established.
   c. Designation of drug testing results to appropriate school officials such as administration, coaches, etc., will be established.
   d. Students who have been or who are taking prescription medication must provide verification prior to testing. Verification will be in the form of a copy of the prescription or a physician's signed statement.
   e. Students who refuse to provide verification and subsequently test positive shall be subjected to the consequences stated in the policy.
3. Random sampling may begin the first day of school and will be conducted by an independent agency chosen by local school officials.
4. Students will be randomly selected for drug testing from a list of all eligible students participating in athletics, extracurricular activities or driving opportunities. The list will be sent to the company that is under contract with the Ballard County Board of Education for the purpose of administering drug testing.
5. Once notified, students must produce a urine sample in such a manner as to ensure that the sample has not been altered in any way.

6. If a student tests positive, a second test shall be administered immediately from the same sample to confirm the results. If the second test is negative, no further action shall be taken. If the second test is positive, the parent/guardian shall be notified, and the principal or designee shall provide the parent/guardian and the student with an opportunity to be heard before penalties are imposed.

**FIRST OFFENSE:** The student shall choose one of the following options:

a. Completion of a drug resistance program acceptable to the district and suspension for one week from practice/participation/driving, including a minimum of one athletic contest/club meeting. He/She will continue to be suspended from further participation until a weekly drug test sampling produces a negative result. The student may be tested at random times during the remainder of the school year; a positive test at any time would be considered a second offense (please see below). The cost of the assistance program and the weekly drug testing will be paid by the student’s family; or

b. Suspension from participation in all athletics/extracurricular activities/driving for a period of one year from the date of the first test that yielded positive results.

**SECOND OFFENSE:** The student shall be suspended from participation in all athletics/extracurricular activities/driving for a period of one year from the date of the first test that yielded positive results.

**THIRD OFFENSE:** The athlete shall be suspended from participation in all athletics/extracurricular activities/driving for the remainder of his/her high school career.

Offenses shall be cumulative over a student’s entire period of participation in all high school activities and shall accumulate regardless of when the offenses occur. After completing a period of suspension from an activity, a student shall be retested before beginning the next session of activity for which he/she is eligible. Positive results shall not be turned over to law enforcement authorities or used to suspend or expel students from school.

7. Students that transfer from other schools must sign a statement declaring that they have not been suspended from other programs for drug use offenses and/or produce such information derived from drug testing programs in the schools from which they transfer.

5. No reprisal shall be taken against any aggrieved student because of the filing of a grievance.

**TIME LIMITS**

BOARD OF EDUCATION’S INVOLVEMENT
1. If the student, after reviewing the superintendent’s response, desires direct communication with the Board of Education, the student may present his/her written communication to the superintendent for transmittal to the Board, or notify the superintendent ten (10) school days prior to the meeting of the Board at which the student wishes the grievance presented. Students contacting Board members individually about a grievance shall be advised to communicate with the entire Board.
2. If the Board decides to review the grievance, the student then will be afforded an opportunity to appear before the Board at the next regular meeting for relevant discussion of the student’s communication. 3. The superintendent or the grievant shall present the communication to the Board at its next regularly-scheduled meeting.
4. The Board will consider the grievance and will provide the student a written response within ten (10) school days after the next regularly-scheduled meeting of the Board, following the meeting at which the grievance initially was presented. The decision of the Board of Education will be final.

CHILD FIND OFFERED FOR CHILDREN WITH DISABILITIES IN NEED OF SPECIAL EDUCATION OR 504 SERVICES

The Ballard County School District keeps educational records in a secure location in each school and Board office. The Ballard County School District obtains written consent from a parent or eligible student (age 18 or who is attending a postsecondary institution), before disclosing personally identifiable information to an entity or individual not authorized to receive it under FERPA.

For students who have been determined eligible for Special Education, educational records will be destroyed at the request of the parents when they are no longer needed to provide educational programs or services. The Ballard County School District may destroy the educational records of a child without parent request three years after they are no longer needed to provide educational programs or services. Parents are advised that data contained in the records may be needed later for Social Security benefits or other purposes. The Ballard County School District may retain, for an indefinite period of time, a record of the student’s name, address, telephone number, grades, attendance records, classes attended, grade level completed, and year completed.

Children eligible for Special Education include those children with disabilities who have autism, deaf-blindness, developmental delay, emotional-behavior disability, hearing impairment, mental disability, multiple disabilities, orthopedic impairment, other health impairment, specific learning disability, speech or language impairment, traumatic brain injury, or visual impairment and who because of such an impairment need Special Education services.

Children eligible for 504 services include those children who have a current physical or mental impairment that currently substantially limits some major life activity which causes the student’s ability to access the school environment or school activities to be substantially limited.

The Ballard County School District has an ongoing Child Find system, which is designed to locate, identify and evaluate any child residing in a home, facility, or residence within its geographical boundaries, age 3 to 21 years, who may have a disability and be in need of Special Education or 504 services. This includes children who are not in school; those who are in public, private, or home school; those who are highly mobile such as children who are migrant or homeless; and those who are advancing from grade to grade, who may need but are not receiving Special Education or 504 services.

The district’s Child Find system includes children with disabilities attending private or home schools within the school district boundaries who may need special education services.

The Ballard County School District will make sure any child enrolled in its district who qualifies for Special Education or 504 services, regardless of how severe the disability, is provided appropriate Special Education or 504 services at no cost to the parents of the child.
Parents, relatives, public and private agency employees, and concerned citizens are urged to help the Ballard County School District find any child who may have a disability and need Special Education or 504 services. The District needs to know the name and age, or date of birth of the child; the name, address, and phone number(s) of the parents or guardian; the possible disability; and other information to determine if Special Education or 504 services are needed.

Letters and phone calls are some of the ways the Ballard County School District collects the information needed. The information the school District collects will be used to contact the parents of the child and find out if the child needs to be evaluated or referred for Special Education or 504 services.

If you know of a child who lives within the boundaries of the Ballard County School District, who may have a disability, and may need but is not receiving Special Education or 504 services, please call or send the information to: DiAnna Corrigan, Director of Special Education and Preschool/Coordinator Section 504; Ballard County Schools; 3465 Paducah Road; Barlow, KY 42024; 270-665-8400, ext. 2101; dianna.corrigan@ballard.kyschools.us

If you know of a child who attends a private or home school within the boundaries of the Ballard School District, who may have a disability, and may need but is not receiving Special Education services, please call or send the information to the address above.

Child Find activities will continue throughout the school year. As part of these efforts the Ballard County School District will use screening information, student records, and basic assessment information it collects on all children in the District to help locate those children who have a disability and need Special Education or 504 services. Any information the District collects through Child Find is maintained confidentially.

Written policies and procedures have been developed which describe the District's requirements regarding the confidentiality of personally identifiable information and Child Find activities. There are copies in the Principal's office of each school, and in the Board of Education office. Copies of these Policies and Procedures may be obtained by contacting: Bob Wilson Director of Pupil Personnel; Ballard County Schools; 3465 Paducah Road; Barlow, KY 42035; 270-665-8400, ext. 2014

If you know of someone who may need this notice translated to another language, given orally, or delivered in some other manner or mode of communication, please contact the Director of Pupil Personnel, the Director of Special Education or the Section 504 Coordinator at the address or phone number listed above for the Ballard County Schools.

**NOTIFICATION OF FERPA RIGHTS**

The Family Educational Rights and Privacy Act (FERPA) affords parents and "eligible students" (students 18 years of age or older or students who are attending a postsecondary institution) certain rights with respect to the student's educational records. They are:

1. **The right to inspect and review the student's education records within forty-five (45) days of the day the district receives a request for access.**
   Parents or eligible students should submit to the school principal/designee a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the record(s) may be inspected.

2. **The right to inspect and review logs documenting disclosures of the student's education records.**
   Except for disclosure to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosure to the parent or eligible student, FERPA regulations require the district to record the disclosure.

3. **The right to request amendment of student education records that the parent or eligible student believes are inaccurate, misleading or in violation of the student's privacy or other rights.**
   Parents or eligible students may ask the district to amend a record that they believe is inaccurate, misleading or in violation of privacy or other rights. They should write the school principal, clearly identify the part of the record they want to be changed, and specify why it is inaccurate, misleading or in violation of their privacy or other rights.

   If the district decides not to amend the record as requested by the parent or eligible student, the district will notify the parent or eligible student of the decision and advise him or her of the right to a hearing regarding the request for
amendment. Additional information regarding hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

4. **The right to provide written consent prior to disclosure of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosures without consent.**

Exceptions that permit disclosure without consent include:

   a. Disclosure to school officials with legitimate educational interests. A school official is a person employed by the district as an administrator, supervisor, instructor or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a volunteer, or an outside person or company with whom the district has contracted to perform a special task (such as an attorney, auditor, medical consultant or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his/her tasks.

   A school official has a legitimate educational interest if he or she needs to review an education record in order to fulfill his/her professional responsibility to the district.

   This may include contractors, consultants, volunteers, and other parties to whom the district has outsources services or functions.

   b. Upon request, disclosure of education records without parent/eligible student notice or consent to officials of another school district or post-secondary institution in which a student seeks or intends to enroll, or is already enrolled, or to other entities authorized by law, so long as the disclosure is for purposes related to the student's enrollment or transfer.

   c. Disclosure of information to those whose knowledge of such information is necessary to respond to an actual, impending, or imminent articulable and significant health/safety threat.

   d. Disclosure to state and local educational authorities and accrediting organizations, subject to requirements of FERPA regulations.

   Designated Kentucky state agencies may be permitted access to student record information, which will depend on the authority granted to their particular agency.

5. **The right to notify the district in writing to withhold information the Board has designated as directory information as listed in the annual directory information notice the district provides to parents/eligible students.**

To exercise this right, parents/eligible students shall notify the district by the deadline designated by the district. The form may be found on page 47.

6. **The right to prohibit the disclosure of personally identifiable information concerning the student to recruiting representatives of the U.S. armed forces and its service academies, the Kentucky Air National Guard, the Kentucky Army National Guard and institutions of higher education.**

   Unless the parent or student who has reached age 18 requests in writing that the district not release information, the student's name, address, and telephone number (if listed) shall be released to armed forces recruiters and institutions of higher education upon their request.

7. **The right to file a complaint with the U.S. Department of Education concerning alleged failures by the district to comply with the requirements of FERPA.** The name and address of the office that administers FERPA is: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Ave. SW, Washington, DC 20202-4605.

**VIEWING OF STUDENT RECORDS PURSUANT TO FERPA**

The following rules and procedures shall be complied with relative to viewing student records:

1. The district annually shall notify parents of students currently in attendance, or eligible students currently in attendance, of their rights under FERPA. The notification also shall be furnished to parents of all new students and to all newly-eligible students by the principal at the time of enrollment.

2. Parents or eligible students who wish to review educational records shall make a request on the appropriate form. Forms are available at each school and in the central office. The request shall be reviewed and responded to within three working days of receipt by the district, and a date assigned to view the records.

3. When student records are to be transferred to an authorized person or organization as specified in statute, a transfer of records form is required. In this case, the parent's or eligible student's signature is not required. However, school authorities shall make a documented effort to notify the parent or eligible student prior to complying with a court order or subpoena that directs disclosure of information concerning the student.

4. The parent or eligible student must sign a request and consent form before a student's records are to be transferred to an agency or individual not listed in statute.
5. A Log of Inspection of Records shall be completed on student records that are accessed (i.e., viewed, copied or inspected).

6. The superintendent/designee shall, within 15 working days from receipt of the request for a hearing, arrange for the hearing and notify the challenger in writing, giving the time, place and date for the hearing. The hearing shall be before the superintendent/designee and the findings of the hearing shall be disclosed within 15 working days.

7. The decision and findings from the hearing may be appealed to the board of education. The decision of the board shall be final.

**NOTIFICATION OF PROTECTION OF PUPIL RIGHTS AMENDMENT**

The Protection of Pupil Rights Amendment (PPRA) affords parents, and eligible students (those who are 18 or older or who are emancipated minors) certain rights regarding conduct of surveys, collection and use of information for marketing purposes, and certain physical examinations. These include the right to:

Consent before minor students are required to submit to a survey, analysis, or evaluation that concerns one (1) or more of the following protected areas ("protected information survey") if the survey is funded in whole or in part by a program of the U.S. Department of Education:

1. Political affiliations or beliefs of the student or student's parent;
2. Mental or psychological problems or the student or the student's family;
3. Sex behavior or attitudes;
4. Illegal, anti-social, self-incriminating, or demeaning behavior;
5. Critical appraisals of others with whom respondents have close family relationships;
6. Legally recognized privileged relationships such as with lawyers, physicians, or ministers;
7. Religious practices, affiliations, or beliefs of the student or the student's parents; or
8. Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such a program).

Receive notice and an opportunity to opt a student out of:

1. Any other protected information survey, regardless of funding;
2. Any non-emergency, invasive physical exam or screening required as a condition of attendance, administered by the school or its agent, and not necessary to protect the immediate health and safety of a student (except for any physical exam or screening permitted or required under state law); and
3. Activities involving collection, disclosure, or use of personal information obtained from students for marketing or to sell or otherwise distribute the information to others.

NOTE: If the parent/eligible student has indicated no directory information is to be provided to third parties or if the marketing activity involves provision of Social Security number, consent form 09.14 AP.122 should be used.

Inspect, upon request and before administration or use:

1. Protected information surveys to be used with students;
2. Instruments used to collect personal information from students for any of the above marketing, sales, or other distribution purposes; and
3. Instructional material used as part of the educational curriculum.

The district shall provide parents and eligible students notice of these rights annually under law in the student handbook, the district Code of Behavior, or other avenue designated by the superintendent/designee.

The district also shall notify parents and eligible students at least annually at the start of each school year of the specific or approximate dates of the activities listed above. A new or supplemental notice shall be given as necessary to provide the opportunity to consent or opt out under the standards set forth above. Parents/eligible students who believe their rights have been violated may file a complaint with Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Ave. SW, Washington, DC 20202-8520.

ASSESSMENT AND GRADING POLICY

Student progress in the Ballard County Schools is measured by the following:
1. Formal and informal teacher evaluation of the pupil
2. Acceptable ability-related achievement of the pupil on a standardized test
3. Pupil progression in the district’s continuous assessment program.
4. Pursuant to 703 KAR 5:200, grades earned on required high-school end-of-course exams (biology, U.S. history, English 10 and algebra II) will count as a percentage of a student’s final grade in those courses. The exams will count as 20 percent of the final grade in 2016-17.

Report cards are sent to parents/guardians four times per year in grades kindergarten through 12, at the end of each nine-week grading period. Progress reports are sent to parents/guardians of all students in grades 3 through 12 after the fifth week of each nine-week grading period. Students in grades 6 through 12 are responsible for picking up weekly progress reports for parents to review.

The following grading scale is used for students in grades 3 through 12:

A = 93-100 percent  B = 84-92  C = 73-83  D = 65-72  F = 0-64

All Advanced Placement classes are graded on a 10-point scale:

A = 90-100 percent  B = 80-90  C = 70-80  D = 60-70  F = 0-60

Parents/guardians are encouraged to communicate with the teacher whenever they have concerns about a student’s progress in a class.

In addition, all students must have completed the following requirements:
- Must be enrolled and attend high school for a minimum of eight semesters. *Ask administration for early graduation procedures.*
- Must complete all district- and state-mandated assessment tasks.
- Must meet all performance standards for each specific course.

The following ACT benchmarks must be met to get into any AP or college dual enrollment class:
- English: 18
- Reading: 20
- Math: 22

**GRADE CLASSIFICATION/PROMOTION REQUIREMENTS**

Each student’s grade level will be determined by the following number of credits earned:

- **Freshman:** 0 to 5.5 credits
- **Sophomore:** 6 to 13.5 credits
- **Junior:** 14 to 20.5 credits
- **Senior:** 21+ credits

We will not promote from one class to another at the end of the first semester during the school year. An exception to this would be considered if a seventh-semester student begins the year in the junior class and earns enough credits (through such avenues as extended school services, correspondence courses, credit recovery) to graduate in that same year.

**ACADEMIC HONORS**

Students in the senior class shall be eligible for valedictorian and salutatorian awards if they meet the following requirements: They must be pursuing the Honors Diploma, and must have the highest and second-highest scholastic grade point average in the class (as calculated according to school council policy). Honor graduate designation shall be based upon a cumulative eight-semester grade-point average of 3.50 or above while pursuing the Honors Diploma program. A student must take all required honors/AP classes to be valedictorian, salutatorian or an honor graduate. Successful completion of an honors-level diploma does not ensure that a student will be an honor graduate; he or she also must meet GPA requirements.

BOARD POLICY ON PROMOTION AND RETENTION

BALLARD COUNTY BOARD OF EDUCATION POLICY 8.22

Any promotions or credits earned in attendance in any approved public school are valid in any other public school.

TRANSFERS
In case a pupil transfers from the school of one district to the school of another district, s/he may not be assigned to a lower grade or course until the pupil has demonstrated that s/he is not suited for the work in the grade or course to which s/he has been promoted.

Pupils who transfer from a non-accredited school may be required to take tests from the previous grade to determine grade placement or course credit.

HIGH SCHOOL GRADUATION
Upon successful completion of all state and Board requirements, the student shall receive a diploma indicating graduation from high school.

VOCATIONAL CERTIFICATE
A student who has completed the requirements established by the State Department of Education for a vocational program shall receive a vocational certificate of completion specifying the areas of competence.

STUDENT PROGRESS
Each school shall determine criteria for student progress through the school’s program. The criteria shall reflect mastery of state-required capacities and be aligned with the Kentucky Core Content for Assessment.

A student may advance through the primary program without regard to age if the District determines that s/he has acquired the academic and social skills taught in kindergarten and that advancement would be in his/her best educational interest. Successful completion of the primary program, as determined by methods set out in Kentucky Administrative Regulations, shall be a prerequisite for a child’s entrance into the fourth grade.

Board-approved student handbook(s) shall contain complete details.

Parents shall be notified when their child is performing below expectations and/or achieving below expected outcomes.

BASIS FOR DECISION
Promotion/retention decisions shall be made only after considering all elements that determine a student’s growth and shall be based on consideration of pertinent factors, which shall include, but not be limited to:

- Academic achievement and ability;
- Patterns of current and past academic performance;
- Chronological age and physical development of the student;
- Social and emotional development; and
- Attendance and the probable effect of promotion or retention of the student.

PARENTAL REQUEST TO RETAIN
When a parent/guardian requests a student be retained, the Principal and the student’s teacher(s) shall consider all pertinent factors. However, the final decision regarding student retention/promotion shall be determined by the Principal in keeping with Board policy requirements.

Because retention of students by schools for athletic purposes is prohibited, retention of a student after the fifth (5th) grade will result in the loss of one (1) year of athletic eligibility during the year of retention.

APPEALS PROCEDURE
Parents/guardians wishing to appeal a promotion/retention decision of the building Principal may submit a letter of appeal requesting to confer with the Superintendent. The letter of appeal must be delivered to the Superintendent within ten (10) working days of the building Principal’s decision.

The Superintendent will advise the parent/guardian of his/her decision in writing within ten (10) working days of receipt of the appeal.

The parent/guardian may appeal the decision of the Superintendent to the Board. Parent/guardians must request in writing to be placed on the Board agenda ten (10) calendar days prior to the regular scheduled Board meeting. The decision of the Board shall be final.
STUDENTS WITH DISABILITIES
In cases which involve students with disabilities, the procedures mandated by federal and state law for students with disabilities shall be followed.

-KENTUCKY’S NO PASS-NO DRIVE LAW-

The 2006 Kentucky General Assembly amended KRS 159.051 and 186.470 to mandate that all school districts report to the state Transportation Cabinet any student deemed academically deficient, who had dropped out of school, or who had accumulated nine or more unexcused absences in the previous semester. (Any absence due to suspension will be an unexcused absence.) The Transportation Cabinet will revoke that student’s driver’s license, permit or driving privilege.

The “No Pass, No Drive” law specifies that a student shall pass four courses (or the equivalent of four courses per six-course semester; 4/6 = 66 percent). Since most schools use a six-course semester, the Kentucky Department of Education is recommending that a student would need to pass more than 66 percent of his or her classes to be compliant. This same mathematical calculation of 66 percent has been applied in the chart below.

Any 16- or 17-year-old student in Ballard County Schools who meets the following criteria will be reported:
- Not passing at least six of eight semester classes or the equivalent
- Accumulating nine or more unexcused absences per semester

Any 16- or 17-year-old applying for a permit driver’s license must have a completed school compliance verification form. This form verifies that the student is compliant with the components of the statute listed above. If the student is not complaint, a form will not be issued.

BALLARD MEMORIAL HIGH SCHOOL DRIVING POLICY

Students will be issued a driving sticker after filling out an application listing the driving code. This application must be signed by the student and a parent/guardian. This application lists driving expectations at BMHS. Failure to comply with these rules may result in loss of driving privilege to BMHS for five to 175 days. Driving while the privilege is revoked will result in further loss of privilege or the towing of the vehicle at owner’s expense.

Basic requirements of the driving policy include:

1. No more than two unexcused tardies.
2. Safe driving within school zones.
3. Following all state driving laws.
4. Driving only a vehicle with a valid driving sticker.
5. Passing 75 percent (five of seven) of classes each grading period.
6. Not repeating driving infractions.
7. Parents must sign consent form for possible drug testing of student drivers (see pg. 24).

As of Aug. 1, 2009, any student in alternative school will have his/her driving privileges revoked for the duration of his/her time in alternative school. These students must ride a school bus, or be brought to school and picked up by a parent or guardian. They may not ride with another student. If they are written up for any behavioral incident on the bus, they will lose any accrued time off for good behavior in alternative school, and will remain in that placement for the entire time they originally were told to serve.

*A more complete explanation of the driving policy is found on the driving application signed by student and parent/guardian.

Medication will be dispensed from the school office only, and students may not share any medication with another student.

STUDENT DIRECTORY INFORMATION NOTIFICATION

PARENTS: DO NOT COMPLETE THIS FORM UNLESS YOU DO NOT WANT YOUR CHILD’S DIRECTORY INFORMATION RELEASED.

Consistent with the Family Educational Rights and Privacy Act (FERPA), parents (or students 18 or older) may direct the district not to disclose directory information listed below. We are required to disclose a student’s name, address and telephone listing at the request of U.S. armed forces recruiters and institutions of higher education, unless a parent or student who has reached age 18, requests that this information not be disclosed.

This page informs you of your right to direct the district to withhold release of student directory information for your child(ren). According to FERPA (see pages 29-31), “directory information” is information in a student’s educational record that generally would not be considered harmful or an invasion of the student’s privacy if it were disclosed. The information, such as name, grade level and a visual image, may be used in items such as newspaper, video and web page stories about student accomplishments or classroom events, and in printed athletic programs.

Following is a list of items that the district considers student directory information:

1. Student’s name
2. Student’s address
3. Student’s telephone number
4. Student’s school email address
5. Student’s photograph/video image
6. Student’s date and place of birth
7. Student’s major field of study
8. Student’s dates of attendance
9. Grade level
10. Information about the student’s participation in officially-recognized activities and sports
11. Student’s weight and height (if a member of an athletic team)
12. Degrees, honors and awards the student has received
13. Most recent educational institution attended by the student

If we receive no response within 30 days of the first day of school (by Sept. 11), all student directory information will be subject to release. If you return this form prior to Sept. 11, we will withhold all directory information, unless disclosure is otherwise required or permitted by law. (Please be advised that parents cannot prevent the school from using directory information on any district-issued ID cards or badges.)

Any parent (or student age 18 or older) who declines/refuses release of directory information must sign on the lines below, date and return this form to his/her building principal.

NOTE: If directed to withhold a student’s directory information from third parties, that information WILL NOT be included in any school or district publication released to the public (no newspaper, no radio, no television, no web page, no athletic programs, no yearbook).

I hereby certify that I am the parent or legal guardian of ___________________________________________________.

(student’s name and grade level)

The district MAY NOT release any information listed above to any third parties (potential employers, local news outlets or used in any other medium to be viewed by the public).

__________________________ ________________________
Parent/Guardian signature Date

The district MAY NOT release student name, address and telephone number (if listed) to any armed services recruiters (U.S. Air Force, Army, Coast Guard, Marines, Navy; state National Guard or Reserves units, or institutions of higher education).

IMPORTANT INFORMATION ABOUT SCHOOL MEALS

Dear Parent/Guardian:

All of our schools are participating in the Community Eligibility Provision (CEP) under the National School Lunch Program. The CEP is directed toward schools with a high percentage of economically disadvantaged students. Under CEP, ALL STUDENTS receive a breakfast and/or lunch at no charge for the entire school year. However, to determine eligibility to receive additional benefits for your child(ren), please complete the Household and Income Form (HIF).

1. **If my child(ren) already will receive meals at no charge at any Ballard County school, why should I complete any form?** Many state and federal programs use socioeconomic status (that is, household and income information) to determine eligibility for their programs. In addition, the primary state funding calculation for a number of other programs uses this form to determine socioeconomic status. By completing this form, your school is able to determine eligibility for additional programs for which your child(ren) may qualify. Regardless, your child(ren) will receive meals at no charge at all Ballard County schools.

2. **Do I need to fill out an application for each child?** No. Please complete one HIF for ALL students in your household. We cannot use a form that is incomplete, so be sure to fill out all required information. Please return the completed form to Bob Wilson, director of pupil personnel, 3465 Paducah Road, Barlow, KY 42024. For more information, please call 665-8400, ext. 2014, or e-mail bob.wilson@ballard.kyschools.us.

3. **Who should I include as members of my household?** You must include all people living in your household, related or not (such as grandparents, other relatives or friends), who share income and expenses. You must include yourself and all children living with you. If you live with other people who are economically independent, do not include them (for example, people who you do not support, who do not share income with you or your children, and who pay a pro-rated share of expenses).

4. **What if my income is not always the same?** List the amount that you normally receive. For example, if you normally make $1,000 each month, but you missed some work last month and only made $900, put down that you make $1,000 per month. If you normally get overtime, include it, but do not include it if you only work overtime sometimes. If you have lost a job or had your hours or wages reduced, please use your current income.

5. **We are in the military. Do we include our housing allowance as income?** If you get an off-base housing allowance, it must be included as income. However, if your housing is part of the Military Housing Privatization Initiative, do not include your housing allowance as income.

6. **My spouse is deployed to a combat zone. Is his/her combat pay counted as income?** No, if the combat pay is received in addition to basic pay because of his/her deployment, and it wasn’t received before he/she was deployed, combat pay is not counted as income. Please contact your school for more information.

If you have other questions or need help, please call **Amber Hayes, school nutrition director, at 270-665-8400, ext. 2530.**

Sincerely,

Casey Allen
Superintendent

All Kentucky public schools have a process for waiving fees for qualifying students, pursuant to 702 KAR 3:220.

To apply for the waiver, students who qualify for free or reduced-price lunches may complete the waiver form found on pg. 55.

This waiver of fees applies to all charges which otherwise would be required for participation in the following school-sponsored courses, activities, programs, events or services:

1. Charges and deposits collected for use of school property, including but not limited to locks, towels, lab equipment and special workbooks
2. Charges for field trips, if any portion of the trip falls within the school day
3. Charges or deposits for uniforms or equipment related to intramural sports, music or fine arts programs
4. Special supplies or fees required for a particular class
5. Graduation fees required for participation
6. Special education fees
7. School records fees
8. School health service fees
9. General activities fees
10. Vocational education fees
11. School-required drivers’ education fees
12. Any other fees not exempt under Section 5 of the KAR.

Those exemptions are specified as rental of property used or activities taking place exclusively outside the normal school day that have no impact on graduation from or credit for instructional courses in the Kentucky Program of Studies (referenced in 704 KAR 3:304); and cost of materials, equipment or supplies beyond those needed for full credit for instructional courses that are essential for meeting student performance objectives.

Any money owed for items lost or damaged, or fees otherwise owed to the school outside the instructional day (i.e., athletics or other extracurricular activities) are not covered by this waiver. Failure to pay charges not covered by the waiver could result in a student’s inability to participate in some school activities which are a privilege.

After application, Ballard County Schools will provide applicants with written notice of approvals and denials of fee waivers. Any denial will contain the specific grounds for denial, and will offer the chance for a personal meeting with appropriate district personnel to discuss the validity of the denial.

Students can access this option from the Quick Links section of the Ballard County Schools home page on the web at www.ballard.kyschools.us/new. The recipient clicks on the link and enters his or her password to view a printer-friendly version of the student’s ILP. Visitors can enter comments about the ILP, which students can see in the Guest Views section. Parents and guardians can access the Guest View log from the Parent/Guardian ILP Tool.

Individual Learning Plan Web Release
I am the parent or guardian of ____________________________, a student under the age of 18 who is enrolled in grades 9-12 at Ballard Memorial High School. I hereby authorize the school district to enable a feature of web-based Individual Learning Plan software, which will permit my student to invite third parties to have access to his/her ILP information or portions of such information via the web (internet).

The purpose of this feature is to help my student with career and college plans by permitting him/her to share ILP information with persons or organizations such as college admissions officers, organizations offering scholarships, and potential employers. However, I understand this feature could permit my student to release ILP information to other third parties.

I agree that the school district, its employees and agents shall not be responsible, nor shall they incur any liability for any disclosure made by the student using this software feature. The Family Educational Rights and Privacy Act (FERPA) and similar state statutes (KFERPA) generally require parents to consent before the educational records relating to their student(s) are disclosed to third parties. I understand that the above software feature is not itself a disclosure of education records, but it will enable my student to disclose confidential educational records information. I specifically authorize and give my consent to the disclosure of ILP educational records information to third parties by my student through the use of the software feature as described above.

I understand that once this signed form is returned to the school, it will stay in effect as long as my child is enrolled in Ballard County Schools, unless I or my child (on turning 18) requests a change. I also understand that the sharing feature will not be enabled for my child unless this completed form is returned to the school.

Weather make-up days: First weather day will use banked time, no make-up for students; second day, last day for students (May 18, 2017) will be increased to a full day of instruction; third day, Feb. 20; fourth day, March 17; fifth day, May 19; sixth day, May 22; seventh day, May 23; eighth day, May 24; ninth day, May 25; 10th day; May 26; 11th day, May 30; 12th day. May 31; 13th day, June 1; 14th day, April 3 of spring break; 15th day, April 4 of spring break; 16th day, April 5 of spring break; 17th day, April 6; 18th day, April 7 of spring break. 
*If weather days occur after designated make-up days, those days automatically roll down to the next available make-up day (i.e., if the third weather day occurs after Feb. 20, Mar. 17 will be the third make-up day, etc.).

Families, staff and community members should be aware that an excess of weather-cancelled days could push student days well past the planned last day of May 18, or take up part of spring break. We understand that many vacations are planned using the original calendar’s off days; however, we strongly encourage families to check cancellation policies for vacations set for immediately after the planned end of school, or during spring break, in case school is in session.
In partnership with and in service to our community, the mission of Ballard County Schools is to prepare every student to be a successful individual.
